OUR STORY

We capture the Iconic Australian summer, and bring it to you every day. More than the best self tanning and skincare products, Bondi Sands is about sand, sea and sun and the lifestyle that comes with it.

Inspired by Australia's most iconic beach, and a desire to make our extensive range of tanning, sun and skincare products accessible to everyone, our Australian made, high quality formulas work to give you glowing, healthy skin that hydrates and nourishes with each application.

**OWNED AND MADE IN AUSTRALIA.
WELCOME TO BONDI SANDS.**

AN INTRODUCTION TO PROFESSIONAL

Give your clients a bronzed Australian glow with our Bondi Sands Professional range. Inspired by Australia's most iconic beach, our salon quality formulas are infused with the scent of coconut and enriched with Aloe Vera to give your clients a long-lasting tan that hydrates and nourishes the skin with each application.

Available in a range of shades to suit different skin tones, our Professional Spray Tan Solutions dry down quickly and can be washed off in just 2 hours.

Aloe Vera

Coconut
Scent

Wash Off
After 2 Hours

Each of our professional formulas have been formulated with **Aloe Vera Extract** to lengthen the life of your tan. Known for its moisturising properties, Aloe provides deep hydration for a long-lasting glow.

FAQ'S

Q: How many spray tans will I get per 1L bottle?

A: The number of spray tans you can achieve per bottle depends on what spray tan machine you use and how many layers you are spraying per client. You can expect to spray anywhere between 10 - 15 full body tans per 1L bottle of solution.

Q: Is the Liquid Gold Salon Solution darker than the Dark Salon Solution?

A: We consider the Liquid Gold Salon Solution to be a medium/dark shade, however it will produce a noticeably different colour result. Our Liquid Gold solution results in a golden tan whilst the Dark solution produces a deeper bronzed colour.

Q: Can I spray more than one layer on one client?

A: Absolutely! If you would like to achieve a deeper, darker tan, you can definitely spray an additional coat onto the skin. We would not recommend any more than 2 coats, as the skin can only absorb so much product at one time.

Q: What's the difference between the 400mL and the standard sized Self Tan Eraser?

A: There is no difference at all, except that the 400ml is just a larger bottle. You will not need a spray gun to use this, just use as per the instructions on the back label.

PROFESSIONAL RANGE

LIGHT/MEDIUM

Those looking for a natural, bronzed tan.

DARK

Those looking for a dark, bronzed tan.

ULTRA DARK

Those looking for the darkest, bronzed tan.

LIQUID GOLD

Those looking for a natural, golden tan.
